## VARSITY NINE LOSES TWO GAMES TO COLBY AND BATES TEAMS ON MAINE TRIP

Game With U. of M. at Orono Called on Account of Rain in Fourth Inning With Score 1-1—Wind Up Season Here Against Strong St. John's Team on Saturday—Fernald's Will Play Last Game for N. H.

Line-up for St. John's game.  
O'Connor, cf.  
Fernald, H., lf.  
Wentworth, ss.  
Nicora, 1b.  
Campbell, c.  
Fernald, L. (Capt.), rf.  
Applin, 3b.  
Lufkin, 2b.  
Barnes, p.

The last baseball trip of the year ended disastrously for the New Hampshire nine when it met defeat at the hands of Bates, 8 to 7, at Lewiston, June 4, and was then beaten by Colby, at Waterville, on the next day, 11 to 5. On Saturday, June 6, the game with Maine was called at the end of the fourth inning, on account of rain, the score at the time being one to one. Coach Swasey's nine defeated Bates, 8 to 4, here at Durham in the first game of the season, and sent Colby home on May 29 with the short end of a 10 to 1 score.

The game with Bates was close all the way, both teams taking turns in leading. New Hampshire got a two run lead in the first of the eighth and the game looked like another win for New Hampshire. In the ninth inning, with two out and a man on first, Barnes had two strikes on Ray. A clean single put him on first, advancing Rowe to second. Karkos, the Bates catcher, came through with a three bagger that scored two runs and tied the score. Then "Hap" Price, the Bates pitcher, came to bat and evidently decided that he wanted to win his own ball game, because he laid down a pretty hit that sent his catcher scurrying across the pan with the winning run. Eddie O'Connor tapped out one of the longest home run hits ever made on the Lewiston diamond while Hen-

ry Applin connected for three hits in four times at bat. The fielding feature of the game was the catch of Cogan. Daker dropped a fly ball, and Cogan caught it before it hit the ground.

At the beginning of the second inning, in the game at Waterville, the Colby sluggers got to Earl Emerson, on the mound for New Hampshire, and drove out five hits, netting them four runs. New Hampshire scored three runs in the third and fourth. Both teams scored two runs in the fifth and sixth innings, and Coach Swasey sent Lang Fernald into the box to replace Emerson. In the last half of the sixth, Colby batted out four more runs off Fernald's delivery. The New Hampshire batters started a rally in the eighth, but a line drive to second base with two on gave Francan a double play unassisted, and the invaders were unable to score again. Both the Francan brothers had a good day at the bat, E. Francan batting for 1,000 in 5 times at bat, while his brother connected for three hits in four times at the plate. R. Francan also played a good game for eight innings with a split hand, the accident resulting from a slide to home plate in the first inning. "Kike" Fernald made a spectacular catch in left field, and "Dan" Metcalf did a good job behind the bat.

At Maine on Saturday, Barnes started to pitch for New Hampshire with Campbell at his old position behind the bat. In the first inning, Captain Fernald's men went out in order; Captain King of Maine, the lead off man for his team, batted out a three bagger to deep right center field, scoring on Stearn's hit that

## FRESHMEN LOSE LAST TWO GAMES

### Maine Yearlings and 1926 Team Defeat Local Cubs

#### SOPHS OUTCLASS RIVALS

Game with Maine Team Tied at 11-11 in Ninth Inning—Visitors Bat out 7 Runs in 10th for Final Score of 18-12

The freshman team lost its objective game of the season to the University of Maine freshmen in one of the wildest, loosest games ever played on the New Hampshire diamond. (Continued on Page 2)

## CALENDAR OF EVENTS

**Friday, June 13**  
8.30 p. m. Commencement Ball in gymnasium.

**Saturday, June 14, Alumni Day**  
9.00 a. m. Examination for State Teachers' certificate in Room 204, library.

9.45 a. m. Tour of campus by visiting alumni.  
10.00 a. m. Alumni council meeting in Thompson hall.  
10.30 a. m. Baseball: Faculty vs. Alumni on Brackett Field.  
11.45 a. m. Class luncheons.  
1.15 p. m. Alumni parade.  
1.30 p. m. Baseball: Varsity vs. St. John's.  
4.00 p. m. Annual meeting of Alumni Association, presentation of 1922 Memorial Scholarship fund and the portrait of Dr. C. S. Murkland, at Faculty Club.  
6.30 p. m. Alumni banquet at the Commons.

**Sunday, June 15**  
9.30 a. m. Meeting of Senior class for election of officers for next two years, in Thompson hall.  
10.45 a. m. Baccalaureate sermon by Charles S. Murkland, Ph. D., D. D., in men's gymnasium.  
2.30-4.00 p. m. President's reception, President's house.  
4.00 p. m. Organ recital, Community church.  
8.00 p. m. Open air concert by University band on campus.

**Monday, June 16, Class Day**  
10.00 a. m. Baseball: Seniors vs. Faculty, on Brackett Field.  
2.30 p. m. Class Day exercises on Memorial Field.  
6.00 p. m. Commencement issue of The New Hampshire goes on sale.  
8.00 p. m. Entertainment by Combined Musical Clubs, in gymnasium.

**Tuesday, June 17, Commencement Day**  
10.30 a. m. Commencement exercises in gymnasium, address by Dr. Irving Fisher of Yale.

## STUDENT TENNIS LACKS PEP SAYS DOCTOR HOWES

### New Hampshire Players Must Practice Hard to Win

#### FACULTY TENNIS STARTS

Intercollegiate Matches Next Year Demand Serious Work by N. H. Court Men—Doubles Tournament Under Way

The University of New Hampshire faculty tennis club enters this year on its twentieth season. The club was formed twenty years ago when Dean Pettee and two members of the faculty, who have since left, gave one hundred dollars each to build the lower faculty court. The upper court has been built since in the sweat of the collective faculty grow, according to Doctor Howes, who says he ought to know. Last New Hampshire Day two drains and a pipe line four feet underground supplying water to both courts were laid. The Club has at present twenty-five paid members, including President Hetzel. Professor Leon W. Hitchcock is president for the second time, Raymond McGrath is in his third year as treasurer, and Phillip Lowry is chairman of the grounds committee.

For several reasons the start this year has been inauspicious. Probably only doubles will be played and possibly not those.

The men have been matched as follows:

Hitchcock-Blake vs. Lowry-Barker; Frost-Maitland vs. Magrath-Brainerd; Fuller-Hetzel vs. Scudder-Lewis; Starke-Walsh.

To date the only match to have been played off is the first which was won by Lowry and Barker who played more consistent tennis.

According to Doctor Howes, who expressed himself as perfectly willing to be quoted, because he has said the same thing many times, the chief trouble with the faculty tennis is that the players are too slow on their feet and fail to cover the court adequately.

"The trouble with student tennis at this University," said Doctor Horace L. Howes in reply to a question— (Continued on Page 2)

## FACULTY VOTES TO ABOLISH "K." GRADE

Beginning Next Term, Any Grade Below 60 is an Absolute Failure—Needs Ratification by Trustees

The hope of the halting is about to fail. The last straw at which the drowning camel grasps is broken. At the last meeting of the faculty, that worthy body voted to abolish the grade of "K" in this University, subject to the approval of the trustees, which will, without doubt, be forthcoming. Under the new ruling, beginning next fall, any grade below 60 will be a failure and no make-up will be given, as is now the case. Any student receiving a failure in nine hours in one term or in six hours for two successive terms will cease to be a member of the institution. At present "deficiencies" in twelve hours for one term or in nine hours for two terms will do the same trick. In case the trustees ratify the plan any "K's" acquired this term can, of course, be made up in the fall.

## LARGE N. H. ADORNS NEW WATER TANK

Previous Blot on Recently Erected Landmark Artistically Erased by Painted Letters—To Be Inviolable in all Class Contests

The sixty thousand gallon water tank just erected by the University has at last been completed. The one esthetic touch lacking was added this week when a large "N. H." was painted on the campus side and another on the railroad side of the tank. The letters are of blue with a white border and can be plainly seen as far as the tank itself.

These letters were painted on the tank in accordance with a vote of the student body taken by the Student Council at a recent Convocation authorizing the administration to do the work, and providing that the tank should be inviolable in all future contests. This was especially intended for sophomore-freshman contests and was done to prevent a repetition of the unsightly stains which were put on the tank by some enterprising undergraduate earlier in the spring. The freshmen and sophomores are also forbidden to climb the tank in the poster fight.

## LIBRARY GIVEN VALUABLE BOOKS

### Professor Cook, Eminent Yale Scholar, Donator

#### JOURNALS OF PHILOLOGY

Dr. Richards, Professor Pottle, New Instructor in English, all Studied under Dr. Cook, Latest Benefactor of University

Professor Albert Stanburrough Cook, Emeritus Professor of the English Language and Literature, and one of Yale's most distinguished scholars, has presented to the library a number of periodicals which will be of great value to the graduate student in the College of Liberal Arts. The gift includes an almost complete file of the Publications of the Modern Language Association, and detached numbers of other scientific journals in the related fields of philology and literature.

It was under Professor Cook that Dr. Richards took his Master's degree and upon Professor Cook's advice and encouragement that he studied in Germany for his doctorate. Professor Pottle, whom Professor Hennessey succeeded, and Mr. Lloyd (the newly appointed instructor in English) are also among those who have enjoyed the training, advice and friendship of this noted English scholar, Professor Cook.

A complete list of the journals received is as follows: Publications of the Modern Language Association, vols. 4-38; Journal of Germanic Philology, vol. 4; Journal of English and Germanic Philology, vols. 5, 6, 7; Transactions and Proceedings of Modern Language Association for 1884, 1885, 1886, 1889, 1890, 1891; Transactions of the American Philological Association, vols. 18-27; Proceedings of the American Philological Association, numbers 11, 12, 15, 16, 17, 18, 19, 20; Transactions of the Philological Society, 1862-63, pts. 1, 2, 1868-69, pt. 1, 1870-71, pt. 1, 1873-74, pts. 3, 4, 1875-76, pts. 1, 2, 1877-78, pts. 1, 3; Studies in Philology, vol. 15, no. 4, vol. 16, nos. 1, 2, 4, vol. 17, nos. 1, 3, vol. 18, nos. 2, 3, 4, vol. 19, nos. 1, 2; Abstracts of Proceedings of the Philological Society, 1886; Proceedings—Special Session—of the American Philological Association, 1894; Hilprecht's "Explorations in Bible Lands."

### NOTICE TO SENIORS

Every member of the senior class has been invited to the Alumni Banquet on Saturday night, June 14th at 6 P. M.

Tickets have been made out to those seniors who made reply to the Banquet Committee and they may be obtained at the banquet hall just prior to the banquet.

If there are any seniors who have been overlooked in this matter, it is desired that immediate notification be made to the Alumni registration booth at the Faculty Club, or to Mr. Gale Eastman.

## DON'T FORGET

To order those extra copies of the special Commencement issue of The New Hampshire containing all Class Day speeches, Baccalaureate Sermon, a full account of the Alumni Day activities and other interesting news. The one issue every Senior will want. On sale Monday, June 16, at the Drug Stores, and Jack Grant's, 10 cents a copy.

## START WORK ON GORMAN BUILDING

### Brick Veneer Structure To Replace Burned Block

#### OTHER BUILDING BEGUN

New College Pharmacy to Be Thoroughly Modern and Fireproof—Alpha Xi Delta House Progressing Rapidly—Addition to Barracks

Operations commenced Monday morning on the site of the old Pettee-Gorman block for the new structure which the Gorman brothers are to erect. The new building will be a two-story, brick veneer structure, which will have two or three stores on the ground floor with two apartments and offices on the second floor. One of the new stores will be occupied by the owners as a drug store and will be fitted up with beautiful and expensive fixtures.

The new block will be 50 by 50 feet, and will be built on a level with the sidewalk. It will be placed back several feet from the sidewalk, so as to be in line with the other blocks on Main street. The cellar of the block will be seven feet deep and will necessitate considerable blasting. The Gormans expect to be in their new store before the opening of the University in September.

Other building operations are already in full swing. The cellar of the new Alpha Xi Delta House is finally completed and forms are in place for the cellar walls. A large ledge was struck in this work which called for much drilling and blasting.

The foundations for the new addition to the Barracks, which will eventually house 70 more men, are completed, and the walls are fast being erected. A new residence is also being built on the Packer's Falls road so that Durham seems to be in the midst of a miniature building boom.

## COMBINED MUSICAL CLUBS GIVE CONCERT

Band Assists in Excellent Program Which Includes Piano Solos by Professor Manton—Short Dance Follows

The Men's Glee Club, the Girls' Glee Club, and the University Band, assisted by Mr. Manton, combined in giving an excellent concert last Friday evening. The Glee Clubs and Band showed the results of their fine training this year and Mr. Manton, his usual skill and technique in his pianoforte solos, especially those of his own composition, "The Little Match Girl," "Of a Dancer and a Tin Soldier," and "Nightfall in Tyrol," taken from three fairy tales by Hans Christain Anderson.

The concert was followed by a short dance.

**THE PROGRAM**  
March, "The Stars and Stripes Forever," John Philip Sousa  
University Band  
Drake's Drum (Newbolt), S. Coleridge-Taylor

Men's Glee Club  
Solvej's Cradle Song, (Ibsen), Greig  
The Years at the Spring, (Browning) Mrs. H. H. A. Beach

Girl's Glee Club  
(a) Prelude; (b) Gigue, Bach  
sonata: (Moonlight) Op. 27, No. 2;  
First movement, Beethoven  
Hornpipe, (Water Music), Handel

Mr. Manton  
How Sweetly Answer Echo Makes, (T. Moore) Sir Arthur Sullivan  
Suabian Folk Song, Brahms  
Serenade, Bovodine

Men's Glee Club  
Ballet Egyptian, Luigini  
University Band

Two American Indian Songs, Cadman

1. From the Land of the Sky-Blue Water  
2. Far Off I Hear a Lover's Flute When the Roses Bloom, Reichardt  
Girls' Glee Club  
Anderseniana, Three Fairy Tales after H. C. Anderson, Robert W. Manton

1. The Little Match Girl  
2. Of a Dancer and a Tin Soldier  
3. Nightfall in Tyrol  
Of Br'er Rabbit, (Fireside Tales) MacDowell

Concert Etude, Op. 36, MacDowell

Mr. Manton

March, National Emblem, Bagley

University Band

Choral, Now Let Every Tongue Adore Thee, Bach

Combined Glee Clubs

## ACTIVITIES OF COMMENCEMENT BEGIN TONIGHT

### Big Dance in Gymnasium Starts Seniors' Last Week

#### ALUMNI DAY TOMORROW

Baccalaureate Sermon Sunday, Class Day on Monday, and Presentation of Degrees on Monday Will Complete Activities of Graduation Week

Commencement week starts off tonight with the Commencement Ball which is being held in the Men's Gymnasium at 8.30. This was out ahead to the night before Alumni Day in order that as many of the Alumni as possible might have an opportunity to renew the old-time social affairs at college.

Tomorrow is scheduled as Alumni Day, and will start in with the registration of the grads at the faculty club, where a large blackboard will be placed containing all the names of the alumni who are back and which will serve to inform each one of the arrival of his classmates and friends. Cars will be available for campus tours, and at 10.30 there will be a faculty alumni baseball game and afterwards the various class luncheons and field events. In the afternoon "Prexy" will lead the alumni parade to the baseball field where the varsity nine will play St. John's College. After the game will be held exercises in the faculty clubhouse, and in the evening the Alumni banquet at the Commons, followed by a rally at the Gym.

Sunday morning Charles S. Murkland, former president of the University, will deliver the baccalaureate sermon in the Gymnasium. In the afternoon there will be the President's Reception, and at 4 o'clock an organ recital in the Community Church by Mr. Manton, director of music. In the evening the University band will give an open air concert at the flagpole in front of "T." Hall.

On Monday the Class Day exercises will be held following the senior-faculty baseball game in the morning. In the evening the Combined Glee Clubs will give an entertainment in the Gymnasium.

The Commencement exercises will be held Tuesday at 10.30, including the address by Irving Fisher, professor of political economy at Yale. Following the address, the degrees will be presented to the seniors, and the graduating two-year agricultural men will receive their certificates at this time.

## FRESHMAN WEEK PLANS ARE DISCUSSED BY COMMITTEE

The plans for Freshman Week have passed their second and third readings in a special committee headed by Dean Taylor, appointed by the President. The week as contemplated in the catalogue begins Wednesday, September 10, and closes with registration, Tuesday, September 16.

The subscription price for The New Hampshire is \$2.00 per collegiate year. The Alumni Dues are \$2.00 per year. Special club rate for the Alumni Dues and Subscription to The New Hampshire is \$3.75.

Entered as second class matter at the post office at Rochester, New Hampshire, under the act of March 3, 1879.

In case of change of address, subscribers will please notify the Circulation Manager as soon as possible.

Subscribers not receiving copy will please notify the Business Manager at once.

Accepted for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917. Authorized September 1, 1918.

DURHAM, N. H., JUNE 6, 1924.

## WE MAKE OUR BOW

The new editorial board, which assumes control with this issue of The New Hampshire, realizes, probably more intensely than anyone else on the campus, the debt of gratitude which the students of this University owe to Mr. Curtis P. Donnell, the retiring editor. When Mr. Donnell took over the editor's desk last fall, The New Hampshire was in a bad way. Financial troubles pressed hard; the morale of the staff was low; the erratic and irregular paper of the year before had cost The New Hampshire the loss of whatever prestige it had previously enjoyed. Plunging earnestly into the work, Mr. Donnell gave unstintingly both of himself and of his time, until today The New Hampshire is entirely free of debt and is acknowledged by the average thinking student to be the equal of any papers published here in previous years. Mr. Donnell can leave the University next week with the knowledge that he has served his Alma Mater faithfully and well.

With the favorable conditions resulting from Mr. Donnell's work to aid us, we take the reins from his hands. The first task of the new board is to build up our sadly depleted staff. Interest here is sadly lacking in activities which are not surrounded by the glamour of sweaters, numerals, letters, bands, and cheer-leaders. We fully realize that the work of The New Hampshire reporter is not spectacular, that it does not pay dividends in the form of honors or prestige, but for the man who likes to write there is a ginger-ale sort of "kick" and a genuine satisfaction which this work alone has to offer him. For the man who is capable of doing the work, the opportunity here is a direct challenge to action and service. We hope that many men will see our point of view next fall.

There should be more fraternity men on The New Hampshire staff. From a purely selfish standpoint the fraternities should send their promising underclassmen into this kind of work. Why? Because a representative of your fraternity on the staff assures you of your share of publicity, guarantees that the stories of your activities and parties are accurately reported, and offers you an opportunity to publish many items of interest to your alumni, most of whom are regular readers of The New Hampshire. We intend next year to publish more fraternity news; we hope to give our subscribers many more pictures for their "Mem" books; we expect to keep you informed of the most interesting events in other colleges, through the medium of our exchange department. We hope to see The New Hampshire grow in interest, in color, in popularity, in prestige.

Editorially, we shall strive to be conservative. In our criticism we hope to be constructive—a knock is not always a boost. We should like to hear more discussion of important local issues, both on the campus and in the columns of your paper. We have said before that this student body is dumb in the literal sense of the word. Hash over your grievances, your criticisms in our letter box.

## AWARD C. A. COFFIN FELLOWSHIP TO 8 COLLEGE GRADUATES

Annual Reward for Research Work Given to College Men of High Promise by General Electric Co.

Eight college men of high scholastic attainment and promise have been awarded university fellowships for research work during the year 1924-25 by the Charles A. Coffin Foundation, which was established by the General Electric company in 1922.

The awards have been made to the following: Ralph D. Bennett, Union college, and the University of Chicago, who will continue his work at Chicago; Ulric Bray, Emory University and Yale, who will continue at Yale; G. Howard Carragan, Rensselaer Polytechnic Institute and the University of Chicago, who will continue at the latter institution; Elliott W. Cheney, Dartmouth College and Brown University, who will do graduate work in research at Princeton; R. Carvel Hensen, Baltimore Polytechnic Institute and Johns Hopkins University, who will continue at Johns Hopkins; Clarence T. Hessel-meyer, Leland Stanford Junior University, who will continue his work at Stanford; Alfred L. Dixon, University of Illinois, who continues at Illinois, and William L. Fink, University of Michigan, who continues at Michigan. Fellowships were awarded to the last two men mentioned last year, and are continued for the coming one.

The research problems in which they will engage include the X-ray-quantum theory; equilibrium in the system alkalai-carbon dioxide-water; the Zeeman effect on fluorine; insulation, with special reference to absorption; high voltage phenomena; electronic and thermodynamic effects at high temperature; structure of steel with effect of carbon concentrated.

The terms of the Charles A. Coffin Foundation make provision for the annual award of the income from a sum set apart for that purpose, in the form of fellowships. These are awarded to graduates of colleges, universities and technical schools of the United States who have shown, by the character of their work, that they could with advantage undertake or continue research work in educational institutions in this country or abroad. They are given in the fields of electricity, physics and chemistry, and the desire is to award them to men who without assistance would be unable to devote themselves to research work. Each carries a minimum allowance of \$500, which may be increased to meet the special needs of those to whom they are granted. The committee in charge of the awards for 1924-25 consists of Dr. John C. Merriam, representing the National Academy of Sciences; Harris J. Ryan, representing the American Institute of Electrical Engineers; Dr. Charles F. Scott, representing the Society for the Promotion of Engineering Education. W. W. Trench, Schenectady, New York, is secretary of the Foundation.

| CHARLES ABBOTT,   | Business Mgr.    |

Many students have decided opinions upon the Harvey Cohn affair, the hoodlum actions of last week. No one has yet written a letter for our columns on either topic. Where are the "Pro Bono Publico," the "E Pluribus Unums" of New Hampshire? "Frankness and more discussion" should be our motto.

We remind you,—we are here to serve the student and the alumni bodies. Human nature is never infallible; we are amateurs operating in a highly specialized field. We have no coaches or trainers; we must blunder through, profiting by our mistakes after they are committed. We ask your hearty support, your cooperation, your indulgence. We wish you all a happy and a profitable vacation.

## STUDENT TENNIS LACKS PEP SAYS DR. HOWES (Continued from Page One.)

tion put to him by the New Hampshire reporter, "is 'pat ball.' The students fail to put any 'pep' into their strokes whether serving or volleying. They seem to think that the ball should be pushed very gently back across the net. I have seen the ball go over the net more than eight feet and rallies of ten shots at a time. The students are very active at covering the courts and often achieve seemingly impossible shots but fail to use strategy to any appreciable extent. Lack of courts for students has always, of course, been a great drawback. Next year by vote of the student body, tennis becomes a major sport and several intercollegiate games will be played. New Hampshire will make a very wretched showing unless its tennis players get out and work. They should practice serving and volleying in the gym next winter, beginning as early as February, whether they are able to put up a net or not. Owing to lack of funds none of these new major sports can be provided with professional coaching. In tennis the coaching will be done by Mr. Hitchcock and myself. We have already been asked to do this. Miss McDonald, who ranks with the first six women tennis players of this country, will be invited to give several talks on practice at which she is very expert. There is a great deal of good material in the student body and much hope for student tennis."

When asked as to the merits of steel rackets Doctor Howes said that they were fine instruments—"to fry steak on in camp."

## FRESHMEN LOSE LAST 2 GAMES (Continued from Page One.)

mond. Free slugging on both sides characterized the contest with the New Hampshire yearlings connecting for 8 hits, while their rivals managed to get 15. At the end of the ninth inning, the score was 11 to 11. During the first half of the tenth, the Maine outfit connected for 7 runs while the local team scored but once. Shinnick started the game for New Hampshire but was later replaced by Bruce after the Maine lads had battered the offerings of the bespectacled pitcher to all corners of the lot. Seven two base hits were credited to the two teams, Coach Gustafson's lads getting but two of these. No less than five three baggers went sailing toward the piggery. In the terrible tenth, the Maine players found the secret of Bruce's delivery and promptly battered out their seven runs. This was the second defeat of the season for the freshmen, Proctor Academy being the first to spoil their record.

On Wednesday, June 11, the sophomore baseball club showed the froth that they have still got a few runs left in their systems by defeating the first year men, 8 to 6. Barnes pitched for the sophs while Bruce did the twirling for the freshmen. The sophomores played good ball and looked like the sterling club of last year, which did not make as good a record on paper as this year's outfit, by the way. Barnes pitched for the sophomores and was never in very serious danger, as his teammates piled up a lead early in the game, which gave him something to work on. The freshmen had a good day in the field, while the 1926 outfit had four miscues chalked up against it. The summary:

| New Hampshire Freshmen       |    |    |    |    |    |   |  |  |  |  |

## NEW YORK LIKES NEW HAMPSHIRE BROILERS

Larger Numbers Sold there at Better Prices than in Boston Says Prof. Richardson — Miss Williamson Gives Some Color Hints to Women

New Hampshire poultrymen are finding New York a better market for broilers than Boston, due probably to the larger proportion of Jews, Greeks, and Italians in the former city, who demand fresh meat. So says Prof. A. W. Richardson of New Hampshire University, who finds a range of six to twenty-three cents a pound in favor of the New York market, particularly during the early part of the broiler season. During the latter part of June and the early part of July the prices on the two markets are usually closer together. New England birds find favor with the Gothamites because of the fact that most of them are of the general purpose breeds, i. e., Rhode Island Reds, White Wyandottes and Plymouth Rocks. Most of the laying hens in New York and New Jersey are Leghorns, which bring five to ten cents per pound less as broilers. Studies overflow on Intervale Land

Observations of intervalle land subject to spring freshets have been made in Merrimack county this spring by County Agent R. W. Peaslee. He finds that alfalfa was in no way damaged on a sandy piece in Hopkinton, which the owner says has not succeeded in other crops. Another alfalfa patch seeded last summer was injured evidently because it was cut in the fall and did not have tops to protect the crowns of the plants. Another piece of intervalle shows the best way to manure such land when seeded in the fall. On half the piece the manure was harrowed in and on the other half plowed under. The catch last fall was uniform throughout; but this spring the grass is all gone on the half that was plowed under, while on the other part the grass seedlings evidently got more nourishment and made sufficient growth to withstand the spring overflow.

## Color Points for the Wardrobe

Ten points on matching the colors of a woman's wardrobe to her complexion and figure are given by Miss Daisy D. Williamson of the New Hampshire Extension Service as follows:

1. Red is an exciting color. Use it in small quantities in dress, rather than in large masses.
2. Yellows are warm colors and radiate cheerfulness.
3. Blue, gray, and green are called the "peaceful colors." They have a soothing effect. Give some character to these by adding a touch of a harmonizing color.
4. A person with a ruddy complexion should avoid reds, choosing rather the cool colors—blue, gray, and green.
5. Dark colors seemingly decrease the size of a person; bright colors increase it.
6. A large person should avoid materials that have a glossy surface. Dull finishes make figures less conspicuous in appearance.
7. Bright colors, like red, orange, and yellow, seem to advance to the foreground, while cool colors seem to recede and become a part of the background. Therefore, large figures should avoid bright colored dresses.
8. Bright blue will emphasize salow complexions.
9. A woman with red or auburn hair should choose from browns, violets, and lavenders.
10. If one will plan the entire wardrobe about one color, the effect will be more nearly unified and the expense less great.

## BREAKDOWN FORCES DEAN FRENCH TO SUSPEND WORK

Due to a nervous breakdown, Dean A. N. French, of the Liberal Arts college, has been forced to retire from his duties and take a complete rest. Professor C. F. Jackson, head of the Zoology department, is acting in his place. Dean French has been suffering from frequent illnesses all during the winter, and last January he suffered a severe breakdown. He had hoped to be able to continue his duties until the end of the college year, but due to a complete breakdown caused by overwork, which he underwent just recently, he was forced to give up all of his activities. It is expected that he will resume work in the fall.

## LAMBDA CHI ALPHA WINS BASEBALL CUP

Defeats Phi Mu Delta in Championship Series—Barracks B Heads Interdormitory League—Games Close and Interesting

Barracks B defeated Ballard hall in the interdormitory baseball league by a close score, winning the silver trophy given by the department of physical education after Ballard had beaten Fairchild decisively. The contest was very close and both teams played real ball. Fairchild had previously defeated Barracks A.

Lambda Chi Alpha and Phi Mu Delta, the winners in the two interfraternity leagues, were slated to play three games for the championship, but Lambda Chi won the first two games, thereby winning the cup given by the fraternity league. The scores were 5 to 1 and 3 to 2. The batteries were Vatter and Avery for Lambda Chi and Shepherd and Wheeler for the losers.

## CRAIG WINS TENNIS SINGLES TOURNAMENT

Defeats Gould, Former Champion, for Title—Dunlop and Fleming Win Doubles Match for Sigma Alpha Epsilon

"Sam" Craig, Kappa Sigma, became singles tennis champion of the University by defeating "Eddie" Gould, Lambda Chi Alpha, last year's champion, in a hotly contested match, winning the singles cup.

The doubles cup went to S. A. E. when "Bill" Fleming and "Al" Dunlop defeated Carter and Snow of Phi Mu Delta on the S. A. E. courts. Both the singles and doubles tournaments brought out a lot of excellent tennis and fully justified the interest in them which the tennis fans evinced. The contests brought out some of the material which will be available when New Hampshire engages in intercollegiate matches next year.

## Y. M. C. A. CONDUCTS PROGRAM IN MADBURY

Joint Meeting of Lee and Madbury Boys and Girls Entertained and Instructed by N. H. Student Delegation

A joint conference for Lee and Madbury boys and girls was conducted in Madbury last week-end by the Y. W. and Y. M. C. A. Cabinets. The theme of the conference was "Neighborliness."

The program began on Saturday afternoon with a baseball game between the Lee and Madbury boys followed by other games in which everyone participated. At six o'clock the delegates and students gathered in the town hall, where supper was served. Miss Elsie Chickering, '25, acted as toastmaster. The address of welcome was given by Miss Frances Laton of Madbury and the response by Catherine Sweet, '26. The evening program consisted of an address on "Neighborliness" by Rev. Leon Morse of Dover; an hour of games and songs; the presentation by Paul Tracy, '26, and Fred Nagel, '27, of the dialogue, "Blazing the Trail," and a talk by Robert Folsom, '26, on the "One Hundred Per cent. American."

On Sunday morning the Lee and Madbury children joined in the holding of a Children's Day service. The final service of the conference was held on Sunday afternoon at which short talks were made by Dorothy Clarkson, '26, Ethel Cowles, '25, Rupert Kimball, '24, and Dana Cotton, '27.

On Saturday afternoon the student committee in charge was: Salome Colby, '25; Raymond Corey, '26; and Jesse Pellerin, '26. For Saturday evening the following committee took charge: Dorothy Conant, '25; Gladys Harris, '26; Harry Page, '27; A. B. Proper, '26; Fred Nagel, '27; Raymond Corey, '26; and Paul Tracy, '26. For Sunday morning: Dorothy Conant, '25; Pearl Hartshorn, '27; and William Couser, '27.

U. OF M. CONFERS HONORARY  
DEGREE UPON PRESIDENT

The honorary degree of Doctor of Laws was conferred upon President Ralph D. Hetzel last Monday at the Commencement exercises held at the University of Maine. This is the second honor of its kind which the president has received from a New England university, having received a similar honorary degree from Dartmouth several years ago.

Five other honorary degrees were conferred by President Little of the University of Maine last Monday, which were as follows: M. S., to G. B. Dorr, director of the Lafayette National Park at Mt. Desert Island, Me.; M. A., to Hilda L. Ives of Portland, Me.; F. D., to Dr. Francis Benedict of Boston; F. D., to Hugh K. Moore of Berlin, N. H.; and F. D. to Edward R. Berry, assistant director of the Thompson Research Laboratory of the General Electric company.

PROGRAM FOR  
ALUMNI BANQUET  
IS ANNOUNCEDCol. William E. Hunt, '99,  
Will Be Toastmaster

## ALUMNI RALLY PLANNED

Activities Begin at 6.30 Tomorrow Evening in Commons—Hon. H. L. Boutwell, Dr. Murkland, President Hetzel Only Speakers

The Durham branch of the Alumni Association, which has had charge of the arrangements for Alumni Day, June 13, have made the following program for the Alumni Banquet. This banquet, so the committee in charge says, will be the best one that has yet been given. It will be served in the Commons. The activities begin at 6.30 p. m. sharp, with a selection by the University Orchestra. Col. William E. Hunt, '99, now at the Army War College in Washington, D. C., will be the toastmaster. The Banquet Committee decided not to divulge the menu of "eats" for the evening, but is willing to let the public know what the other activities are to be. The program is:

Selection, University Orchestra  
Address, Hon. Harvey L. Boutwell, '82, President of the Board of Trustees  
Address, Dr. Charles S. Murkland, President of the University from 1893-1903

Selection, University Orchestra  
Address, President Ralph D. Hetzel  
Selection, University Orchestra  
Alumni Rally, Dr. H. E. Barnard, '99, former Trustee, now Director of the American Institute of Botany, Master of Ceremonies  
The Alumni Rally will consist of an informal program of music and stunts.

ELEVEN ATHLETES  
WILL GRADUATETrack and Baseball Teams  
Lose Reliable Performers

## TWO FOOTBALL MEN GO

Lang Fernald Only Basketball Player to Get Through—Eleven Men Have Won 27 Varsity Letters

Eleven letter men will be lost to the University when the class of 1924 receives its diplomas next Tuesday. The baseball and track teams will suffer the greatest loss, while only two football and one basketball player will finish up. Baseball and track will lose five men each.

When the football team reports at training camp next fall, Gid Roy of Rochester, half-back, and Henry Cutler, of Keene, quarterback, will be among the missing. The basketball team will play without Lang Fernald of Laconia, star back and captain of this year's baseball team. Fernald has played three years on both these teams, while Gid Roy has subbed on the basketball quintet in addition to his work on the football and baseball teams. In addition to Fernald, the baseball team will lose "Kike" Fernald, captain of last year's team, also from Laconia; John Cronin, of Needham, Mass., pitcher; Albert Hammersley, of Needham, Mass., substitute shortstop. The track team will lose Reuben F. Draper, of Wakefield, Mass., captain of last year's team, a hurdler; Raymond Gunn, of Newport, N. H., also hurdler; Bernard Menke, of Wolfeboro, high jumper; Richard Stevens, of Colebrook, middle distance runner; Webster Bridges of Concord, holder of the College record in the pole vault.

WOMEN PLAN SELF  
GOVERNMENT SYSTEM

Louise Nutting, '26, Elected President of Association—New Hampshire Last New England College to Adopt Plan

The University of New Hampshire will join the ranks of New England colleges having student self government for women students next fall, if the constitution adopted recently by the Women's Student Government Association of the University of New Hampshire is approved by President Hetzel and the administrative committee. The plan, which was sponsored by Mrs. DeMeritt, dean of women, is receiving enthusiastic support. At a special convocation Miss Salome Colby and Miss Louise Nutting, both of the class of '25, were elected president and vice president, respectively, of the Association, while Grace Cunningham, '26, was elected Secretary-Treasurer. The executive council includes these officers, a faculty advisor, elected by the girls, who for the ensuing year is Margaret King, and the Dean of women ex-officio.

It is believed that the University of New Hampshire is the last institution in New England to adopt this idea. The Association is going to undertake the complete revision of the girls' point system. Under the new system the girls will have very full self government which will be increased as time and circumstances warrant.

UNIVERSITY OF NEW HAMPSHIRE  
ALUMNI MEMORIAL SCHOLARSHIP FUND145A Belmont St.,  
Everett, Mass.

June 5, 1924.

Dear Alumni:

We have, during the past week, received checks to the amount of \$33.00, which makes our total \$512.00. Those contributing are C. D. Kennedy, '09; Arthur S. Colby, '11; and Florence J. Harris, '18.

As this is my final letter to you, this school year, I want to take this occasion to thank those who have helped me in obtaining this money. I know the time it takes and the meagerness of the reward, but as our efforts have not been entirely in vain, we have the satisfaction of knowing that we tried. I also wish to thank the Staff of "The New Hampshire" for the courtesy they have shown in publishing my letters. They have been displayed in a very satisfactory manner and to my liking. It has been a fine piece of co-operation. I received a great many very friendly letters which cheered a great deal the work of this committee. In fact, all the letters which I received were of the friendliest nature.

I still feel, however, that we have not had the financial support that we should. If you didn't believe in our cause, we couldn't get you to say so. Only a few have written me and told me that they couldn't afford it. I feel, personally, that a large number of our Alumni have little, or no interest in this project. When less than 8 per cent. support a thing there is something fundamentally wrong. What it is in this, I do not know, as I have asked several times for opinions on this project, and up to the present writing I have received practically no adverse criticism. WHY DON'T YOU SUPPORT THIS PROJECT?

I shall be at Durham at Commencement, on Alumni Day, but the Committee will continue its policy of not soliciting money from you. If you care to help, I will be glad to receive your check.

Yours for New Hampshire,

"ED." HARDY.

BOSTON ALUMNI reserve Saturday, July 12th, for a grand and glorious picnic and outing for all wives, kiddies and friends at Nantasket.

MEET AT ROWES' WHARF, BOSTON, in time for the 2.15 boat. Bring a basket lunch with you. In case you are able to take a later boat, the crowd will be out on the rocks at the right hand end of the beach. Don't forget your bathing togs.

The first meeting in the fall will be Friday evening, September 19th. Time and place to be announced later.

COME ONE, COME ALL TO THE PICNIC.

HOLDS MEET ITSELF

Denied Outside Meet, Freshmen Runners Compete with Each Other for Honors—Good Material for Future Varsity in Evidence

Although the faculty committee on athletics refused to sanction an outside meet for the freshmen track team this year, a contest was held between the members of the squad who have been faithfully working out each day, under the direction of Coach Cohn. The meet was begun on May 14 but was not finished until the following Wednesday. It may be decided later on to present the winners of these events with some suitable souvenir of their work.

The meet disclosed that there are some men on the freshman squad who will make a strong bid for a varsity track letter next year. Shaw is a dash man who is capable of beating any man in the University over the century and furlong distances. Smith is a hurdler who easily won both hurdle events and should come along next year into the places being vacated this June by Gunn and Draper. Betz, from the up-state town of Whitefield, proved to be a versatile man, winning first place in the shot out, javelin throw, and broad jump, besides placing second in the high jump with a leap of 5 feet. During his spare time, Betz was watching the races.

The summary.  
440 yard dash—Won by Dixon; second, O'Leary; third, Lee. Time, 56 3-5 seconds.

Shot put—Won by Betz, distance 38 ft. 8 1-2 in.; second, Abbiatti, 38 ft. 4 1-2 in.; third, Sleeper, 35 ft. 8 in.

Javelin throw—Won by Betz, distance, 134 ft.; second, Deerington, 115 ft.; third, St. Claire, 107 ft.

High jump—Won by L. Smith, 5 ft. 2 in.; second, Betz, 5 ft.; third, Frost, 4 ft. 10 in.

Broad jump—Won by Shaw, distance, 19 ft. 8 in.; second, Keeher, 19 ft. 1 in.; third, Moncrief and Smith tied at 18 ft. 8 in.

Pole vault—Won by Betz, 9 ft. 6 in.; second, George, 9 ft. 3 in.; third, Willgeroth, 8 ft. 6 in.

High hurdles—Won by Smith; second, Keeher; third, Lightbown. Time, 18 4-5 sec.

100 yard dash—Won by Shaw; second, Shedd; third, George. Time, 10 3-5 sec.

220 yard dash—Won by Shaw; second, George; third, Shedd. Time, 23 1-2 sec.

Low hurdles—Won by Smith; second, Sleeper; third, Keeher. Time, 29 1-2 sec.

880 yard run—Won by Lee; second, Calderwood; third, Willgeroth. Time, 2 min. 11 3-5 sec.

1 mile run—Won by Varney; second, Willard. Time, 5 min. 3 sec.

NEW HAMPSHIRE GRADS  
WRITE ELECTRICAL BOOKS

The first of this week Prof. Hitchcock received two books published by the General Electric company. These will be used for reference work in the

first, written by A. N. Otis, class of 1903, is on "Electricity as Applied to electrical engineering course. The Industrial Heating." The other, by R. B. Scammon, New Hampshire, 1910, is, according to its title, a "General Discussion on Developments of Steam Turbines with a Sample Calculated Analysis for Turbine Electric Drive Synchronous Motors as Applied to a Passenger Vessel."

These publications were received through the courtesy of the Publicity department of the General Electric company.

"Y." DELEGATION  
AT SILVER BAYN. H. Men Attending Big  
Conference of Students

## MAKE TRIP OVER ROAD

New Hampshire Sends Four Delegates and Student Pastor to Meeting of 600 College Workers on Lake George

The U. of N. H. is being represented at the Y. M. C. A. Conference of Eastern College Men held from June 12 to 20 at Silver Bay, New York, by four men students and the "Y" secretary, Mr. Barker. The student representatives are Robert Folsom, '26, Fred Nagel, '27, A. B. Proper, '26, and Langdon Smith, '27.

Robert Folsom, as president of the Y. M. C. A., will head the delegation and thereby be a member of the Leaders' Council of the conference. Langdon Smith has been elected as the delegation's representative on the Athletic Council of the conference. The trip was made over the road in the car belonging to the Christian Work, Inc.

Silver Bay is located on Lake George in the northern part of New York state. The spot is famous for its beauty and as a summer school and conference ground for the Y. M. C. A.

The Conference of Eastern College Men is held annually and brings over six hundred delegates from more than sixty of the prominent colleges in the eastern section of the U. S. The University Y. M. C. A. is resuming its representation after a lapse of a year, the last delegation having been sent two years ago.

ENGLISH TEACHERS  
HOLD MEETING

75 Members Attend Luncheon and Hear Papers by Well Known Speakers

The New Hampshire Association of Teachers of English, of which Dr. Richards is president, held its annual spring meeting on Saturday, May 10, in DeMerritt hall. Exceptional interest was manifested by the association in DeMerritt hall. Exceptional interest was manifested by the association in DeMerritt hall. Exceptional interest was manifested by the association in DeMerritt hall. Exceptional interest was manifested by the association in DeMerritt hall.

After the meeting the members of the association enjoyed a satisfying luncheon in the president's dining room at the Commons.

CONCORD BRANCH  
ELECTS OFFICERS

Washington Alumni Hold Meeting on Steamship

M. S. DEGREE TO HOLMES

Graduate in Class of 1921 to be Honored Tomorrow—A. S. Colby, '11, Elected to Gamma Sigma Delta

The Concord Branch of the New Hampshire Alumni Association held its annual election of officers on June 4. W. Rodney Hill, '20, was elected president, Carleton Strong, ex-'22, vice president, and Albert S. Baker was elected secretary-treasurer. It was voted to add two other members to the officers elected, the whole to constitute an executive committee to map out a program of the meetings for the next year with individual entertainment committees for each meeting.

The Washington Branch of the New Hampshire Alumni Association held its last meeting on Wednesday, June 11. The meeting was held on the steamship St. Johns during its voyage down the Potomac river. The party enjoyed the trip down the river as well as to hold its annual election of officers at the meeting.

The annual election of officers by the Northern Vermont Branch of the Alumni Association was held on June 8. The report of the meeting and the officers for the ensuing year has not as yet reached the General Alumni office.

A. S. Colby, '11, Associate Professor of Pomology at the University of Illinois, in addition to his teaching work has charge of the experiments in small fruits and grapes. The plantations cover about 15 acres. Projects include work in pruning, fertilizing, spraying and varietal studies on over 200 varieties in the field and storage. Special attention is being paid to raspberry diseases, including crown gall, bramble streak and anthracnose. He has found how to control anthracnose by the application of lime sulphur sprays. A variety of black raspberry is being propagated at the Station which is quite resistant to the disease. Dr. Colby was recently elected to membership in Gamma Sigma Delta, honorary agricultural fraternity.

Myron L. Holmes, '21, has received his Master of Science degree at the University of Maryland and will have it conferred to him at the commencement exercises which are to be held on June 14. He has recently accepted a position in the U. S. Department of Agriculture in the Special Investigations Laboratory under the direction of Dr. E. T. Sherry. His address after July 1 will be Riverdale, Md., Box No. 103.

ANTI AIRCRAFT GUN  
ADDED TO EQUIPMENT

Is Mounted on White Truck Chassis—Size 75mm—Students to Attend Summer Camps—Infantry Juniors Visit Portsmouth

The War Department has sanctioned an Anti Aircraft Battery as part of the Artillery Corps training here. As part of the equipment of this battery a 75 millimetre mounted anti aircraft gun has been received here.

This weapon is mounted on a White Truck Chassis, which is capable of making 40 miles an hour. The gun is of an American type mounted so that firing may be done at an angle of 90 degrees, sending a 15-pound high explosive shell 6700 yards in the air. The gun is to be manned by a gun commander and eleven men, and is valued at \$15,000.

Eight advanced students will attend summer camp from here this year. They have already received their orders to camp.

The Infantry Juniors put on a short exhibition of shelter tent pitching and a machine gun drill at the Portsmouth High school on Friday, May 2. Following the exhibition they went across the river to the Navy Yard where they were given the freedom of the yard by Captain Dismukes.

ALUMNI NINE  
TO PLAY FACULTY

Class of 1884 Expects 60% Attendance Saturday

"PETE" DOYLE ON HIS WAY

Blackboard at Faculty Club to Tell Visitors Registrations of Each Class Group—Teams Picked for Baseball Game

After the alumni visit the Faculty Club on Saturday morning and register on the large blackboard provided for that purpose under the numerals of their class, a tour of the campus in motor cars will be made at 9.45. At 10 o'clock the baseball game between the alumni and the faculty teams will take place. This promises to develop into an old-fashioned slugfest, with the betting even. The faculty members hope to work up a team offense that will enable them to defeat the senior team which they play on Monday.

The lineup for the two teams will be: Faculty—"Cy" Tirrell, p.; H. Swasey, ss.; J. Hepler, 3b.; "Art" Johnson, 2b.; J. Walsh, lb.; Potter, rf.; Frost, lf.; Hitchcock, cf.; R. Starke, c. Probable lineup of the Alumni—Christenson, p.; Haggerty, ss.; Lundholme, rf.; Cotton, lf.; McKelvie, lb.; E. Rummazza, 2b.; W. Smith, c.; Broderick, ss.

It was learned today that Peter J. Doyle, '22, is walking over the road from McGill University in Montreal, where he is a graduate student, so as to be here for the reunion of the 1922 class.

The class of 1884 expects to have an attendance of 60% of all living members for its fortieth reunion.

N. H. GRADUATES  
INVITED TO JOIN  
UNIVERSITY CLUB

Brooklyn Organization of College Men Extends Invitation to New Hampshire Alumni Located in Brooklyn or New York

The University Club of Brooklyn, N. Y., with a present membership of 400, including graduates from colleges in all parts of the country, extends a cordial invitation to the senior class and to all graduates of the University at present or prospectively located in Brooklyn or New York city to become members of the club, in a letter received this week by the editor of The New Hampshire. Dues to new members are nominal, the older members carrying the expenses of the club almost entirely. The club has just completed a very successful season in basketball, having played and defeated many of the college teams of the country with a team whose members have all been graduated within the last two years and one of the most successful golf seasons in its history with a tournament at St. Albans. Throughout the summer months tennis is one of the popular pastimes.

During the past year the club has been addressed by many prominent men, including the Hon. Nicholas Murray Butler, Arthur Brisbane, Rube Goldberg, and the Hon. Herbert L. Bridgman, associate and colleague of Admiral Peary.

Among the many social events held during the year are frequent dinners, Sunday afternoon musicales, glee club concerts, and regular monthly dances.

## SCOUTS PLANT TOWN FOREST OF 3,000 TREES

Planting 3,000 trees in the town forest has been the stunt of the Boy Scouts of Durham who formed a junior extension forestry club this spring. In the town of Bartlett also, where there is a national forest, the government furnished 3,000 transplants and a piece of land for a similar planting. The 14 boys in the club worked through rain and shine to get the trees planted on time, and when they were finished said with one accord, "Bring on the next 3,000."

## CONSTITUTION OF THE NEW HAMPSHIRE

### ARTICLE I.—NAME

This paper shall be called The New Hampshire.

### ARTICLE II.—PUBLICATION

The New Hampshire shall be edited and published at least once a week throughout the college year by students of the University of New Hampshire.

### ARTICLE III.—POLICY

Section 1. The primary object of this paper shall be to promote interest in and to increase the power and influence of the University of New Hampshire.

Section 2. The paper shall serve as a link between the Alumni and the undergraduates of the University.

Section 3. The New Hampshire shall serve as the historian of undergraduate life and University activities by publishing true and unbiased accounts of this life and these activities.

Section 4. The New Hampshire shall never, either through its editorial columns or through news items, or in any other way, show partiality towards any political party or parties.

### ARTICLE IV.—MEMBERSHIP

Any undergraduate student, man or woman, is eligible to any position on the staff of The New Hampshire.

### ARTICLE V.—ADMINISTRATION

Section 1. The administration of The New Hampshire shall be invested in the Executive Committee and The New Hampshire Staff.

Section 2. The Executive Committee shall consist of the following members: the faculty literary adviser, the faculty business adviser, the secretary-treasurer of the Alumni Association, the editor-in-chief, the managing editor, and the business manager of The New Hampshire, and one representative from the Student Council (other than the editor-in-chief) to be appointed by the President of the Student Council to act as a representative of the student body.

a. The Executive Committee and The New Hampshire Staff shall elect all members of the Executive Committee except that one appointed by the President of the Student Council.

b. The chairman of the Executive Committee shall be elected by the members of the committee; five votes shall be necessary for election.

c. In all other matters a majority vote shall be necessary for a decision. In case of a tie, the referee shall be the Student Council.

Section 3. The New Hampshire Staff shall consist of five departments: Editorial, News, Business, Advertising, and Circulation.

The members of The New Hampshire Staff shall be: Editor-in-chief, managing editor, associate editors, reporters, business manager, advertising manager, and circulation manager, and the duly elected assistants to the business advertising, and circulation managers.

### ARTICLE VI.—ELECTIONS

Section 1. The members of the Executive Committee shall hold office for one year, and shall be elected as provided for in Article 5, Section 2-b.

Section 2. The annual election shall take place the second week following in the middle of the Winter term, and the officers-elect shall take office at the beginning of the Spring term.

Section 3. The appointments to membership in the Staff shall be made by the editor-in-chief, subject to the approval of the Executive Committee.

Section 4. If, at any time, the editor-in-chief becomes unable to fulfill the duties of his office, the managing editor shall become editor-in-chief, and the chairman of the Executive Committee shall immediately call a meeting of the Committee and of The New Hampshire Staff for the purpose of electing a new managing editor.

### ARTICLE VII.—FINANCIAL

Section 1. The Business Manager shall have charge of the handling of the finances of The New Hampshire.

Section 2. The advertising manager and his assistants shall receive 2% of all advertising gained by personal solicitation as compensation for traveling expenses.

Section 3. If, at the beginning of the Spring term, there is a surplus of funds over those needed for a convenient working capital, not including the sinking fund deposited at the Strafford Savings Bank of Dover, N. H., such surplus shall be used as the Executive Committee and The New Hampshire Staff sees fit.

Section 4. Before the division of the year's surplus shall be made, a prize of twenty-five dollars (\$25) shall be awarded to that sophomore who, in the judgment of the Executive Council, shall have done the best work for The New Hampshire.

### ARTICLE VIII.—AMENDMENTS

Section 1. All proposed amendments to this constitution, before becoming effective, must be approved by the Executive Committee and The New Hampshire Staff.

Section 2. All amendments to this constitution must be laid upon the table for a period of at least seven days before adoption.

### ARTICLE IX.—ADOPTION OF THIS CONSTITUTION

Section 1. This constitution must be adopted by a two-thirds vote of the Staff members as defined in the constitution of June 7, 1922.

Section 2. All previous laws and constitutions governing the management of The New Hampshire are hereby repealed with the adoption of this constitution.

### Varsity Nine Loses

(Continued from Page 1)

bounded over Nicora's head. New Hampshire tied the score in the third. With one out in the fourth and a runner on first base, the rain commenced to fall and the game was called. "Kike" Fernald made another pretty catch, as did Captain King of Maine.

On Saturday, the New Hampshire nine plays its last game of the season, when St. John's College comes here for the alumni day contest. This will be the last appearance of the Fernald brothers and also of Gideon, "Gid" Roy, three old New Hampshire athletes, who have competed consistently for the Blue and White during their four years here. St. John's comes here with a good reputation; among their victims being Providence College which defeated Brown last Saturday in a 20-inning 1-0 game.
